

# Approval of Cambodia Aid Seen

By CARL P. LEUBSDORF

Associated Press Writer

WASHINGTON (AP) — The Senate Foreign Relations Committee approved today President Nixon's request to send aid to Cambodia. But it coupled the action with sharp restrictions and disclaimed any U.S. commitment to defend that nation.

The committee adopted a revised form of the Cooper-Church amendment, approved by the Senate last June but stalemated in conference by House opposition, barring U.S. advisers and instructors as well as American ground combat troops from Cambodia.

Like the earlier amendment, it was sponsored by Sens. Frank Church, D-Idaho, and John Sherman Cooper, R-Ky. Approval was unanimous.

Then, the committee adopted an amendment by Sen. Jacob K. Javits, R-N.Y., specifying that approval of the \$255 million aid request in no way constitutes a U.S. commitment to defend Cambodia.

Sens. Stuart Symington, D-Mo., and Clifford P. Case, R-N.J., won inclusion of an amendment requiring President Nixon to give advance notice in case any foreign aid or defense funds are transferred to Cambodia to supplement the aid program there. Present laws require notice to Congress—but only after the action is taken.

The committee's action came as the Senate took up a \$2 billion catch-all money bill that includes \$500 million for credits for Israel, authorized previously, and the new \$535 aid request in the bill foreign relations committee approved.

Church expressed hope that the Nixon administration, which opposed the earlier Cooper-Church proviso, will accept the new move. "I am hopeful and indications are that the administration is now prepared to accept this," he told reporters.

Sen. Mike Mansfield of Montana, the Senate Democratic leader, said he expects Congress to approve the Cambodia aid program before the current session adjourns.

took a different route. He contended the \$210 million compromise figure would only boost cost while delaying construction.

"The SST program should be killed cleanly and quickly," Yates said, "not condemned to the lingering death voted by the conference."

Yates estimated the \$80 million reduction in funding would boost the SST's cost by \$250 million through delays and inflation. He said a \$76 million overrun was blamed on a \$30 million cutback last year.

Sen. William S. Proxmire, D-Wis., who led the 52-41 Senate defeat of the original bill, has threatened to begin a filibuster later this week if necessary to prevent any SST money from being restored to the transportation appropriation bill.

He repeated his threat Sunday, adding that "an ample number of senators would speak" with him in unlimited debate.

Proxmire said his threatened filibuster could be avoided if the Senate would agree to remove the SST appropriation from the transportation bill and vote on both separately.

arrangement. Subsequently, a deputy prosecuting attorney called to Kirby's attention an earlier Supreme Court ruling that said the defense waived an opening statement when one was not made immediately after the state's opening remarks. Fogleman said in Jackson's case, however, the prosecution cannot complain of a judge's action when the prosecutor has previously agreed to it unless there is evidence that the agreement was given under some misapprehension.

"We feel that the failure of the state to object when defendant's request was made was at least a silent acquiescence in the procedure proposed," Fogleman wrote. "The failure to permit the defendant to make his related opening statement deprived him of a fair trial and constituted prejudicial error."

Jackson was convicted Sept. 6, 1969, of raping a 44-year-old white woman during a \$3.70 robbery in Little Rock. The alleged assault occurred Dec. 4, 1968.

our responsibility in those areas where the federal government can best do what needs to be done," he said.

"But I would also stress that equally and often more important is what states and communities do, and the school and the church and the family, the mass media, voluntary organizations and each of us as individuals. For the child is not raised by government. The child is raised by his family. His character is shaped by those people he encounters in his daily life."

## Unrest Blamed on Faculty, Disrupters

By THE ASSOCIATED PRESS

Two members of President Nixon's Commission on Campus Unrest say they believe the President gave serious consideration to their report. A third member urges that Nixon call a governors' conference to promote national unity.

The chairman of the commission, William W. Scranton, said he would comment today in Chicago on Nixon's denial of the commission's finding that only the President can "bring the country together again."

Scranton, former governor of Pennsylvania, said Sunday he had not received the special delivery letter containing the President's reply to the report but had been read a copy by telephone.

The commission held hearings on the violence last spring that led to deaths on the campuses of Kent State and Jackson State.

Its report said: "As leader of all Americans, only the President can offer the compassion-

ate, reconciling moral leadership that can bring the country together again."

Nixon's reply, made public Saturday, said that he has exercised "the immense moral authority" of the presidency to end violence and bitterness at home and abroad, but that clergy, teachers and writers must help.

His letter to Scranton said responsibility for disruption "rests squarely on the shoulders of the disrupters — and those among their elders in the faculty and the larger community who encourage or condone disruption."

Nixon had said at a press conference last week that he did not agree with Vice President Spiro T. Agnew's characterization of the commission report as "Pabulum for permissivists."

On his arrival in Chicago Sunday, Scranton said that Nixon had done "some fine things" in efforts to cool campus tensions. He cited the President's Vietnam peace initiative and visits to campuses as examples.

Revis Ortiue, a commission member, said Sunday that Nixon should convene a governor's conference to promote national unity.

Nixon said that Kennedy, white-haired and 65, had accept-

## Connally to Be Secretary of Treasury

WASHINGTON (AP) — President Nixon announced today

that Secretary of the Treasury David M. Kennedy is resigning his post Feb. 1 and will be succeeded by former Governor John Connally, a Texas Democrat.

Kennedy is not leaving the administration but will become the country's ambassador at large under Secretary of State William P. Rogers.

Nixon announced the shifts personally at a briefing for reporters.

He lauded both Kennedy and Connally highly, the one for contributions he already has made and is expected to make, and the other for qualities he said will be of great benefit to the government.

Kennedy still will have the title of a member of the Cabinet in the post he will take over on Feb. 1.

Nixon said that Kennedy, white-haired and 65, had accept-

Monday, December 11, 1970

ed the Treasury post with the understanding he could leave at the end of two years and perhaps consider some new assignment.

By putting the departure time at Feb. 1, Kennedy will be on hand through the final stages of preparing the next federal budget. And Connally will be around in the interim to consult and brief himself on budget matters.

## GE Building in New York City Bombed

By RICHARD BOUDREAUX

Associated Press Writer

NEW YORK (AP) — A pipe bomb exploded outside the General Electric Building in midtown Manhattan early today and shattered windows in four structures, police said. One pedestrian was cut on the leg by flying glass.

Five minutes before the 1:10 a.m. EST blast, an anonymous male telephoned radio stations WINS and said: "General Electric is going to be blown up. This is MIRA."

## Miscellaneous Shower For Toni Leverett

On December 3 at the First Baptist Church a miscellaneous bridal shower for Miss Toni Leverett, bride-elect of Ronnie Ingram, was given by Mesdames J. W. Rowe, W. H. Gunter, Jr., Carter Russell, Barry Brown, Doyle Huff, Cecil O'Steen and Oval Taylor.

The honoree wore an off-white crepe dress with a red jacket and pinned red carnations at her shoulder. Her mother, Mrs. Lloyd Leverett, had pink carnations, and her fiancée's mother, Mrs. J. B. Ingram, wore bronze flowers.

In the Fellowship Hall, where the party was held, the table was overlaid in white and centered with red and white carnations in silver and white candles. Frosted punch, cookies, mints and toasted pecans were served to the 50 who called.

The honoree received many lovely and useful gifts.

## Miss Leverett Entertained

Miss Toni Leverett, bride-elect of Ronnie Ingram was honored with a breakfast Saturday, Nov. 28th in the home of Mrs. J.W. Franks with Cecilia Delaney, Robin Formby, Beth Lawrence and Peggy Franks as hostesses for the occasion. A pink color scheme was carried out in the decorations, where covers were laid for twelve. Corsages of carnations were presented to Miss Leverett and her mother, Mrs. Lloyd Leverett and also the groom-elect's mother, Mrs. J.B. Ingram.

A gourmet-susan was presented the honoree as a gift.

Dale Middlebrooks was in Shreveport Sunday and visited his father, L.L. Middlebrooks, and other relatives.

## PARENTS WARNED (from page one)

Safety's final report this summer included electrical toys which become hot enough to burn children or presented shock hazards.

The commission also was critical of high-rise bicycles, noting that the number of injuries associated with bicycles in general amounts to 1 million a year. This compares with 700,000 toy-related injuries and another 700,000 associated with playground swings and slides.

Both bicycles and toys rated in the commission's list of the ten household products most likely to injure.

An engineering report for the commission concluded that operation of high rise bicycles requires more skill than conventional bicycles because "shorter wheelbase and smaller wheel size are detrimental to both lateral and vertical plane stability."

The commission found that devices like "sissy bars," "banana seats" and center-mounted gearshifts make the high-rise bikes even more hazardous.

The bicycle industry, which admitted it made no detailed engineering studies before putting the bicycles on the market, has formed a safety advisory committee since publication of the commission report.

## Start Training Early

Ballet training should ideally commence at age eight or nine, with boys starting dancing training later than girls, according to Encyclopaedia Britannica.

## Legion Meet Is Set for December 15

Commander Herschel R. Johnson in correcting the recent Notice of the American Legion meeting states that the American Legion meeting will be at the W.O.W. Hall at West Avenue B and North Elm Streets on Tuesday, December 15, 1970, at 7:00 p.m.

The program will be presented by the junior members of Unit 12 of the Ladies Auxiliary under the direction of Mrs. Vance Marcum.

Commander Johnson urges all members and prospective members to be present for this Pot Luck Dinner Meeting.

### NO HANGUPS HERE

Dear Helen:

A favorite explanation for almost everything nowadays is "She has a hangup about it" — this especially if a woman

doesn't hop into bed with gay, mad abandonment every time a man takes her out.

Would it occur to these conceited fellows that we don't think they are that great? I prefer to choose carefully, and take my time about it. Yet I get the same old line, "What's a matter — you got a hangup about sex?"

I guess they figure to make us feel "repressed" and inadequate so we'll immediately prove we aren't. Well, it doesn't work that way. I figure men who accuse me of having a "hangup" see women as stupid things to be conquered — and they start first with belittling words. They don't get another chance...which is a shame because some of these dates might have developed into nice relationships, with the proper timing.

How do you derail a one-track mind? — BACHELOR GIRL

Dear Bach:

You might throw the switch before he gets rolling. Tell him early on that your biggest hangup is men who ask "What's a matter — you got a hangup?" — H.

Dear Helen:

I'm 46, a divorcee, but not a gay one. I do not approve of unmarried relationships.

I was recently introduced to a man who took me out twice, was quite "bold," but I kept him in his place, explaining my moral values. He said I should loosen up, so on the third date I wore a shocking pink short dress trimmed in purple. He never came back. Would putting on that wild dress be the reason? — JILTED AGAIN

Dear Jilted:

More likely the reason is: You wouldn't take it off. Sorry; but see above, re hangups. — H.

Dear Helen:

Is this a new trend? I always thought women were anxious to marry again, once they became widows.

But almost without exception, the older "singles" I know prefer remaining that way. "Why tie yourself up to an old codger you may have to nurse for the rest of his life?" they say. They quote statistics about men being the weaker sex, more prone to diseases of the elderly, and add, "If you get one, you'll have a liability on your hands." So they prefer non-permanent arrangements, which means they can walk out any time the old boy starts ailing. Besides, "you keep your Social Security that way."

Now this makes it rough on "old boys" who aren't that "modern." I'm a strong, healthy, 65-year-old widower, and I can have my pick of nice widows but not one will marry me.

Talk about the "new morality!" It hasn't happened only to the young! — SHOCKED BY ELDERLY BELLES

Dear Shocked:

Well, if that's the way your elderly belles bounce...But surely a strong, healthy eligible widower can make one ring only for you! — H.

Dear Helen:

In the human flood, as in any other, trash floats to the top and is first seen. So when "unfair" downgrades all women because a few get drunk and live easy, he's being as "unfair" as the reactionary who calls all kids "longhaired hippies." — AGAINST GENERALIZATIONS

## HEMPSTEAD (from page one)

was revealed that 60 persons died in traffic mishaps on Arkansas highways. The 60 deaths pushed the states death toll for the first 11 months of 1970 to 554 deaths, 13 more than were recorded in the same period of 1969.

Captain Milton Mosier district commander of the Hope district expressed concern at the rising death toll on the states highways. He said 4 of the deaths occurred in the 9 Arkansas counties comprising the Hope district. Clark, Nevada, Howard and Pike recorded 1 traffic fatality each. Hempstead, Lafayette, Little River, Miller and Sevier were

free of traffic fatalities during the reporting period.

Mosier said statewide Troopers investigated 1,004 accidents with 73 of these accidents occurring in the Hope district. According to the report Hempstead county recorded 22 accidents, followed by Clark with 12, Pike 10, Miller 8, Nevada 6, Lafayette and Little River 5 each. Howard 4 and Sevier 1 accident.

Troopers in the Hope district attributed the accidents to failure to yield the right of way, drinking, driving on the wrong side of the road and excessive speed.

Mosier said that the death toll for 1970 could possibly equal the 602 deaths recorded in 1969. However, he said the State Police was optimistic that possibly the toll could be below the 1969 figure. He pledged an all out effort to hold the line on traffic accidents during the remaining few weeks of 1970.

## LINKS CANCER (from page one)

search published in 1968 that showed mammals could make nitrosamine when fed the separate components.

Scientists have since speculated nitrosamine is the likeliest candidate for the universal cancer-causing chemical.

"Nitrosamines seem to be a major class of carcinogens that are likely to be causally related to cancer in industrialized society," two cancer experts wrote this year in the British scientific journal Nature.

These two specialists—Dr. William Lijinsky, also of Eppley Institute, and Dr. Samuel S. Epstein of the Harvard Medical School—and Greenblatt believe the government should sharply reduce the amount of nitrite allowed in processed meat and fish.

The Food and Drug Administration disagrees, saying that nitrite and nitrosamine present "no imminent hazard" to man. But some scientists suggest nitrites are easily replaceable with other curing agents.

## Prescott in Win Over Hope Girls

By BILL MOORE  
Star Sports Writer

Last Saturday night, in the final game of the Blevins tournament, the Hope Kittycats lost a 29-27 decision to Prescott and settled for second place.

This lowers the girls record to 3-4 for the early season and they play, along with the Bobkittens, at home tonight, against Gurdon.

Hope fell behind early, 5-0, and could not generate a score until Gigi Gladney hit a two pointer with 1:51 left in the first period. Five more points gave Prescott a 10-2 lead, heading into the second period of play.

Immediately then, Hope, on two charity shots by Karlene Coleman and one by Gladney, came back to within five points. With 4:03 left in the first half, Gladney began hitting again, and after her sixth straight point, the Kittycats moved ahead of Prescott, 13-12, with 1:17 left.

However, Prescott held a halftime 14-13 lead, after Deborah Shaw hit two free throws with 0:47 left.

At the outset of the second half, Coleman hit a basket to regain the lead, but quick turnovers helped the Wolversties regain a 19-15 margin with 2:50 left in the quarter. Six straight points by Coleman changed the lead back to the Kittycats, 21-19, at the end of the third quarter.

Moving out to a three point lead after Coleman had connected for another point, the Kittycats held a lead until 2:08 showed on the clock, when Prescott tied the score at 23 all.

Only Gladney and Coleman could hit a basket each while Prescott hit the sixth and winning point on a layup by Janice Avery, with six seconds left on the clock.

Hope's guards, Carol Frazier, Sharon Ratliff, and Mona Rowe, did a great job of containing the Wolverette attack, holding their supposedly good offense to less than 30 points.

Coleman had 15 points for the Kittycats with Gladney hitting 11. Shaw had 14 for Prescott.

Tonight the Bobcats travel to Magnolia to meet the Smackover Buckaroos in the Southern State Invitational tournament. Hope has a present 4-2 record.

## Colts Take 1st Step to Super Bowl

By BEN THOMAS

Associated Press Sports Writer  
"The first step to the Super Bowl."

That's how Coach Don McCaffery described the 20-14 victory his Baltimore Colts registered Sunday over the Buffalo Bills in National Football League action.

The triumph gave the Colts, 1969 Super Bowl losers to the New York Jets, the championship of the American Conference East and one of the eight NFL playoff berths.

The Colts joined the Oakland Raiders and the Minnesota Vikings on the list of division champions. The Raider wrapped up the AFC West on Saturday with a 20-7 decision over Kansas City, defending Super Bowl title. Minnesota won the National Conference Central Division crown last week.

With only one more weekend of regular season action left, the AFC East and West and the AFC's Central Division races will go down to the wire.

The New York Giants, behind Fran Tarkenton's three touchdown passes, joined Dallas as NFC East co-leader by thumping the St. Louis Cardinals 34-17 in one of Sunday's key games. Dallas was a 6-2 victor over Cleveland on Saturday.

St. Louis isn't out of the title picture, however, although the Cards dropped to third place in the NFC East.

In Sunday's other games, Cincinnati's Bengals claimed sole possession of the AFC Central lead with a 30-20 beating of Houston; the Vikings crushed Boston 35-14; San Francisco remained on top of the NFC West with a 38-27 decision over New Orleans; Washington, with Larry Brown cracking the 1,000-yard rushing barrier, defeated Philadelphia 24-6; Atlanta cooled Pittsburgh's AFC Central title hopes 27-16; Chicago blasted Green Bay 35-17; Miami remained in the playoff picture despite Baltimore's title-clinching triumph by downing the Jets 16-10 and the Denver Broncos and San Diego Chargers played to a 17-17 deadlock.

The Los Angeles Rams, only a half-game back of the 49ers in the NFC West, host the Detroit Lions, second-place team in the NFC Central Division but still playoff hopefuls, in tonight's NFL television spectacular (ABC).

The division winners in each conference, plus a fourth team from each conference the division runners-up with the best record—qualify for the playoffs and a possible trip to next month's world championship game in Miami.

And here's how it went Sunday:

Colts 20, Bills 14: Norm Bulaich's three-yard scoring run after a 20-yard Johnny Unitas pass to Roy Jefferson brought Baltimore back from a 14-10 third-quarter deficit. Buffalo's Robert James got thrown out by officials as the result of a fight which erupted after Bulaich's TD. The Bills were assessed 103 yards in penalties.

Giants 34, Cards 17: This game also saw a fight break out. Tarkenton, scoring once on a rollout himself, completed 14 of 21 passes for 242 yards plus his three TD tosses. One, however, was with the aid of a lateral by Bob Tucker to Don Hermann. Tucker went the first 12 yards, Hermann the final 20 on the scoring play.

Bengals 30, Oilers 20: Houston had to rally in the second half and Essex Johnson was the sparkplug. He ran 15 for one touchdown and hauled in a 49-yard pass from Virgil Carter for another score.

Vikings 35, Patriots 14: Reserve Minnesota quarterback Bob Lee threw twice for touchdowns and ran for a third as the Vikings crushed Boston and former teammate Joe Kapp, now the Pats' signal-caller. Lee, pinch-hitting for injured Gary Cuozzo, passed for 278 yards, hitting on 18 of 25.

Forty-niners 38, Saints 27: The Saints took a 21-10 halftime lead before San Francisco's John Brodie primed his offense, passing for three touchdowns, all to Gene Washington, and also sneaking one yard for a fourth TD.

Redskins 24, Eagles 6: Brown, who wound up with 1,081 yards, joins Gale Sayers and Leroy Kelly as the NFC's only active rushers with over 1,000 season yards. He scored one of the

Broncos 17, Chargers 17: Rookie Al Pastrana directed two fourth-quarter scoring marches to rally Denver from a 17-0 halftime deficit. John Hadl had passed 63 yards to Gary Garrison for one of San Diego's first-half TDs.

Colts 20, Bills 14: Norm Bulaich's three-yard scoring run after a 20-yard Johnny Unitas pass to Roy Jefferson brought Baltimore back from a 14-10 third-quarter deficit. Buffalo's Robert James got thrown out by officials as the result of a fight which erupted after Bulaich's TD. The Bills were assessed 103 yards in penalties.

Washington touchdowns.  
Falcons 27, Steelers 16: Randy Johnson got his first start this season as Atlanta's quarterback threw two touchdown strikes. The Steelers had four turnovers and were eliminated from the playoff picture with their loss.

Bears 35, Packers 17: Jack Concannon had his finest day for Chicago, hurling four touchdowns and running 15 yards for a fifth score. Dick Gordon, leading pass catcher in the NFL, was on the receiving end of seven Concannon tosses. Two of Gordon's receptions were for touchdowns.

Dolphins 18, Jets 10: The Miami victory boosted the Dolphins playoff chances and hurt those of Kansas City. A Dolphin triumph over Buffalo next Sunday—or even a tie—would give Miami the best won-lost showing among AFC runners-up and eliminate the Chiefs. Balding Garo Yepremian was the star of the Miami victory, kicking a 14-yard field goal with 1:57 left to break a 10-10 deadlock and then adding another three-pointer before the final gun.

Rookie Al Pastrana directed two fourth-quarter scoring marches to rally Denver from a 17-0 halftime deficit. John Hadl had passed 63 yards to Gary Garrison for one of San Diego's first-half TDs.

## Can't Make Mistakes With Knicks

By THE ASSOCIATED PRESS

One mistake is one too many against the New York Knicks, says Nate Thurmond.

"I haven't seen a team play as well as a unit since the old Boston Celtics," says San Francisco's super center, "you just can't make any mistakes."

So the Warriors didn't make too many mistakes—and the Knicks did—Sunday night. The results was a 101-94 San Francisco victory.

San Francisco beat New York at its own game—defense—and Thurmond helped control the backboards with 17 rebounds although playing only part way on ailing knees.

Elsewhere, Atlanta beat Buffalo 110-91; San Diego defeated Cleveland 118-95; Milwaukee punished Seattle 124-107 and Detroit tripped Los Angeles 103-100.

In the American Basketball Association, it was the Floridians 100, New York 97; Pittsburgh 130, Kentucky 125; Carolina 119, Texas 118; Virginia 112, Utah 109.

In the NBA Saturday night, it was New York 118, Philadelphia 101; Phoenix 113, Milwaukee 111; Buffalo 93, Detroit 92; Baltimore 119, San Francisco 96; Cincinnati 114, Cleveland 95; Atlanta 107, Portland 101 and Chicago 103, San Diego 98.

The Warriors defense forced the Knicks to take several long-range shots, reflecting a 35 per cent field goal average. San Francisco, led by Jeff Mullins' 22 points, hit almost 45 per cent of its shots.

San Francisco out-rebounded New York 62-51, with Thurmond, Jerry Lucas and backup center Clyde Lee accounting for 41. Walt Frazier led New York with 24 points.

Pete Maravich scored 12 of his 22 points in the fourth period, helping Atlanta pull away from Buffalo at the end. Walt Hazzard led the winners with 26 points and John Hummer had 22 for the Braves.

Elvin Hayes scored 40 points for San Diego, his third straight 40-point night against Cleveland. The Cavaliers dropped their 31st in 33 games.

Lew Alcindor scored 40 points in Milwaukee's easy victory over Seattle. The Bucks pulled away from a 31-31 tie at the beginning of the second period and never looked back.

Terry Dischinger and Dave Bing scored 20 and 19 points and Jimmy Walker hit clutch baskets in the fourth period to pull Detroit over the Lakers.

## All-State AAAA Team Announced

LITTLE ROCK (AP)—North Little Rock placed the most players on the Class AAAA All-State team with six, followed by Little Rock Hall with five.

The Arkansas Activities Association said that North Little Rock tailback Bill Burns was selected as the outstanding back.

North Little Rock was the division champion. Little Rock Hall was the runner-up.

Defensive tackle David Osthoff of Little Rock Hall was named the outstanding lineman in the conference.

Here is the offensive unit:  
Ends — Danny Norris of El Dorado and Charles Hobbs of Pine Bluff.

Tackles — Terry Irwin of Hall and Jim Feinster of El Dorado.

Guards — Chuck Matson of Hall and Binky Maloch of El Dorado.

Center — Winfred Batch of Horace Mann.

Backs — Bill Burns of North Little Rock, Roger Carter of Fort Smith Northside; Anthony Jones of El Dorado and Alan Thompson of Hall.

Here is the defensive unit:  
Ends — Dan Spear of North Little Rock and Mike Lane of NLR Northeast.

Tackles — David Osthoff of Hall and Mike Blacklock of Fort Smith Northside.

Linebackers — Bill Buckner of Pine Bluff, Ted Miller of North Little Rock and Joey Shelton of Little Rock Central.

Noseman — Quadel Johnson of North Little Rock.

Backs — James Flynn of Hall, Larry Phillips of Fort Smith Northside and Charles Pool and Walter Swain, both of North Little Rock.

SMU Leading Standing of SW Conference

Let's make it official. Southern Methodist's Gene Phillips is no longer a one-man gang. Phillips, the leading scorer in the Southwest Conference last year, was all the Mustangs had. It's a different story this year and that's SMU you'll find at the head of the standings against non-conference foes with a 4-1 record.

Coach Bob Prewitt's hosses haven't been picking on any mullies. They knocked off previously unbeaten Nebraska 80-75 Saturday night behind the shooting of Bobby Rollings and the rebounding of Clayton Korver.

Captain Phillips, who scored 21 points, had a chance to watch Rollings and Korver in action for awhile and liked what he saw.

"I can't say enough about Bobby Rollings," said Phillips. "I had a chance to watch him while sitting on the bench in the second half. He played a heck of a game. That Clayton sure got on the boards. We haven't had anything like that. He's intimidating people."

Korver got 11 rebounds against the taller Cornhuskers and Rollings scored 27 points. Korver also came to the rescue of Larry Delzell in a brief fist fight that emptied both benches. A few spectators also became involved.

"It's a game of high emotion and things happen like that," said SMU coach Bob Prewitt.

And one thing's for certain. SMU will give it to you anyway you want it right now. The once-feared SWC basketball power is apparently back after several lean seasons. The non-conference picture is rather drab elsewhere. Texas Tech is the only other club with a winning record—3-2.

Rice is 2-2, Baylor 3-3, Texas 2-3, TCU 1-4, A&M 1-4, and Arkansas 1-4.

Games tonight find Oklahoma State at Texas, Abilene Christian at Texas A&M, New Mexico at Texas Tech and Arkansas at Iowa State.

Arkansas' Crawford Wins \$6,120

FREEPORT, Bahamas (AP) — Richard Crawford of Bella Vista, Ark., finished fourth and won \$6,120 in the \$130,000 Bahamas Islands Open Golf Tournament here Sunday.

Crawford fired a seven-under-par 65 to finish the tournament with a 72-hole total of 276. Doug Sanders captured the top prize of \$26,000 with a 272 total.

Espo 70 Is Hottest Thing in NHL Scoring

By HAL BOCK  
Associated Press Sports Writer  
Three years ago in Montreal it was Expo '67. This season in Boston, it's been Espo '70. Rangi Phil Esposito continues to carry the hottest stick in the National Hockey League and his amazing scoring pace is keeping the Boston Bruins atop the NHL's tight East Division race.

Esposito exploded for three more goals Sunday night—his fourth hat trick of the season—leading the Bruins to a 6-2 victory over Detroit that kept Boston two points ahead of the pursuing New York Rangers. The Rangers shut out Los Angeles 4-0, extending their home ice unbeaten streak to 14 games.

In other NHL action Sunday, Chicago opened its West Division lead to seven points with a 5-2 victory over Minnesota that included Bobby Hull's 1,000th career point. Second place St. Louis played a 2-2 tie with Philadelphia and Toronto shut out Buffalo 4-0.

In Saturday's games, Montreal whacked Los Angeles 8-1, Boston shut out Philadelphia 1-0, Detroit topped Buffalo 5-3, Toronto shaded Chicago 2-1, Vancouver whipped California 5-2 and Minnesota blanked Pittsburgh 1-0.

Esposito, who set an NHL record with 126 points two years ago, is scoring at a blistering rate. His three goals Sunday night gave him 26 for the season in 29 games, a production pace that would shatter all existing NHL scoring records if he can keep it up.

Esposito leads the league in scoring with 55 points and has 12 goals in the last eight games. Two of his goals Sunday night came in a 3½-minute span in which the Bruins connected four times to bust the game against the Red Wings wide open.

New York used a goal and two assists by Jean Ratelle to sink Los Angeles as goalie Gilles Villeneuve turned in his second shutout. Villeneuve, who has lost only one game in 12 starts as relief man for regular Ed Giacomin, kicked out 28 shots and Ratelle's goal.

AIC Rejects Plan to Relax Regulations

LITTLE ROCK (AP) — Three proposals that would have liberalized present regulations regarding transfers were rejected Saturday by the Arkansas Intercollegiate Conference.

The action was taken at the AIC's winter business meeting here.

The AIC voted down the NAIA's one-semester rule, permitting a transfer who had participated in athletics elsewhere to become eligible after a one semester residence.

Also defeated was a proposal

HOPE (ARK.) STAR, Printed by Offset

to allow junior college athletes who had completed their junior college eligibility to transfer after three semesters. The present rule says that four semesters must be completed before the transfer can be made.

The group also turned down a proposal that would have permitted AIC members to split 33 football scholarships and three of the 15 basketball grants allowed under present rules. The grants could have been divided among several athletes instead of one scholarship going to one student.

Arkansas AM&N, the newest member of the league, reported on its progress in meeting AIC requirements in all sports. The school is within the requirements for every sport except

Tulane Pulls Upset Over Colorado

By THE ASSOCIATED PRESS  
For those who think the college football season is over, the major bowl picture today reads one down and 10 to go.

With Tulane having disposed of favored Colorado 17-3 in Saturday's Liberty Bowl for openers, attention now turns to two more games on tap this weekend — Georgia Tech vs. Texas Tech in the Sun Bowl at El Paso, Tex., and Louisville vs. Long Beach State in the Pasadena Bowl at . . . Pasadena, Calif.

Tulane made its first bowl appearance in 30 years a memorable one. David Abercrombie's 66-yard return of the second-half kickoff set up the first of his two touchdowns, snapping a 3-3 deadlock.

Sporting green-and-white lapel buttons reading, "1970 — Year of the Green," Tulane fans turned the lobby of a downtown Memphis hotel into a bar after the game and toasted their team over and over.

The game was a rough one and Tulane's Ray Hester and Colorado's All-American center Don Popplewell were ejected following a fourth-quarter shoving match.

Five small college champion-

ships were decided over the weekend.

In NCAA regional contests, it top-ranked Arkansas State 38, Central Missouri State 21 in the Pecan Bowl at Arlington, Tex.; North Dakota State 31, Montana 16 in the Camellia Bowl at Sacramento, Calif.; Tennessee State 26, Southwestern Louisiana 25 in the Grantland Rice Bowl at Baton Rouge, La., and Delaware 38, Morgan State 23 in the Boardwalk Bowl in Atlantic City, N.J.

Texas A&I captured its second straight NAIA championship with a 42-7 rout of Wofford while Jacksonville, Ala., State downed Florida A&M 21-7 in the annual Orange Blossom Classic.

## U.S. Court to Take Up Rights Issue

By BARRY SCHWEID  
Associated Press Writer

WASHINGTON (AP) — The Supreme Court turned today to two new tests of the rights of Negroes—to move up on the job and to approach social equality.

In one case, a group of North Carolina black workers are trying to wipe out intelligence examinations and educational requirements they say have kept them from advancing to better-paying jobs.

In the other, a handful of Mississippi blacks is trying to force Jackson officials to open swimming pools closed when courts ordered them integrated.

In both instances, the blacks have the important and vigorous support of the Justice Department, though the government is not participating directly in the hearing.

Together, the cases will measure the high court's attitude in areas where discrimination, if it exists, is on a more sophisticated plateau.

The black workers are from Draper, N.C., where the Duke Power Co. has a generating plant. There, the blacks say, they are frozen into inferior jobs because they cannot pass tests or produce academic credentials that have nothing to do with the better jobs they are seeking.

Jack Greenberg, general counsel of the NAACP Legal Defense and Educational Fund, argues that irrelevant qualifications are prohibited by Title VII of the 1964 federal civil rights law. The provision bars job discrimination based on race, sex or nationality.

The company's lawyer, George W. Ferguson Jr. of Charlotte, defends the tests as a necessary measure of competence. The government, meanwhile, has entered a "friend-of-court" brief strongly supporting Greenberg's position.

Significantly, the battleground no longer is whether blacks are being denied jobs, but whether they are being denied better jobs.

The second appeal culminates an eight-year fight by Jackson blacks to integrate five swimming pools. When courts ordered them integrated, the city council decided to close the pools down.

Paul A. Rosen, a young Detroit lawyer, argues that the blacks have a right to a reopening of the pools since the closing was "racially motivated."

His colleague in the case is William M. Kunstler of New York City, a prominent advocate of radical causes who is asking the court to ban all forms of social discrimination. Even the exclusion of black workers from a private, backyard party at the boss's house.

## Berry Files Suit for \$250,000

LITTLE ROCK (AP) — Clyde C. Berry, 38, of Erdelph filed a \$250,000 suit against the Federal Aviation Administration in connection with a plane crash at Adams Field Nov. 8, 1969.

In that crash, Dr. Lewis Brown Tilley, the pilot, was killed and Berry, the former head football coach at Henderson State College, was injured. Berry's suit said the crash was caused by "negligence" of the FAA, but failed to define the negligence in the suit filed Friday in U.S. District Court.

He has also filed suit against Tilley's estate asking for \$300,000 in damages.

## Compromise Aimed at Keeping SST Alive, Filibuster Threatened Electrical Strike Ends in Britain

By JIM ADAMS  
Associated Press Writer

WASHINGTON (AP) — A \$210 million compromise aimed at keeping the supersonic transport alive appeared today cleared for House passage, but still facing a threatened filibuster in the Senate.

Although there had been little doubt before today's scheduled vote that the House would approve the SST money, part of an over-all \$2.7 billion transportation funding bill, Rep. Sidney R. Yates had vowed a fight against the measure worked out by a House-Senate conference committee.

The House last week approved President Nixon's request for \$290 million in SST money by a 213-174 vote, but the Senate had already decided 52 to 41 to kill any funds for the supersonic plane. Cost was a factor in the Senate opposition, but much of the objection was rooted in environmental concern.

## Rape, Death Sentence Overturned

By BILL SIMMONS  
Associated Press Writer

LITTLE ROCK (AP) — The Arkansas Supreme Court reversed today the first-degree rape conviction and death sentence and ordered a new trial for Carl Jackson, 15, a Little Rock Negro.

The unanimous opinion by Associate Justice John A. Fogleman said a prejudicial error was made when Circuit Court Judge William J. Kirby of Little Rock declined to let Jackson's attorney make the opening defense statement after the state had rested its case.

The high court said that normally the failure of the defense attorney to make the opening defense statement immediately after the prosecution's opening statement meant that the defense waived the right to make an opening statement.

However, Kirby had granted the defense attorney permission to make the statement at a later time and the prosecuting attorney had consented to this arrangement.

## Parents Warned About Dangerous Toys That Could Harm Children

By G. DAVID WALLACE  
Associated Press Writer

WASHINGTON (AP) — Soft cuddly animals which harbor barbed teeth or wire in their ears. Toy weapons which can damage a child's hearing. Noisemakers which can easily become dislodged and be swallowed.

These are examples of hazards which private and government organizations say parents should watch for when they buy Christmas toys this holiday season.

President Nixon's consumer assistant, Virginia Knauer, warned parents last week to examine carefully the toys they give children. "Santa Claus should not be followed by a visit to the doctor," she said.

The Food and Drug Administration has negotiated changes or termination of 24 toys this year and proposed banning four others. Consumers Union has petitioned the courts to require that the government ban five others.

As the biggest toy-buying season of the year approached, Mrs. Knauer suggested that the best way to make sure toys are safe is for parents to examine them carefully.

And Morris Kaplan, technical director for Consumers Union, has warned that manufacturers' agreements to stop selling toys cited by the government as un-

safe are not assurances that the toys aren't still around. They can stay in the marketplace for months or years, said Kaplan.

One yardstick of the dangers inherent in some toys is the list of 24 on which the FDA has acted unofficially since the Toy Safety Act became law in January.

## Compulsory ROTC Opposed

LITTLE ROCK (AP) — The Young Democrat Clubs of Arkansas have adopted a resolution against compulsory ROTC programs at four Arkansas colleges.

ROTC programs at the University of Arkansas and State College of Arkansas are voluntary.

Links Cancer to Food Preservatives

By G. C. THELEN Jr.  
Associated Press Writer

WASHINGTON (AP) — New research points to the possibility that a chemical manufactured in human stomachs from elements used in some food preservatives and medicines causes cancer, according to scientists at the University of Nebraska.

Doctors at the university's Eppley Institute for Cancer Research in Omaha base their findings on experiments in which they say lung cancer was produced in 55 to 90 per cent of mice fed large amounts of nitrite—often used as a food preservative—and three types of secondary amines, which are protein building blocks and used in several medicines. The scientists also say 15 per cent of the tumors were malignant.

The work done by Drs. Melvin Greenblatt and Sidney Mirvish indicated that nitrite and some amines combine in the stomach of mice to form a substance known as nitrosamine. This chemical then enters the blood stream and causes the lung tumors.

Nitrite is permitted by the government as a curing and preservative chemical in smoked fish, canned ham, corn beef, frankfurters, luncheon meats and some sausages. It is also found naturally in vegetables, particularly beets, spinach and celery.

Secondary amines are found in cereals, tea, tobacco, and bread and meat flavoring agents. They make up more than 200 medicines including tranquilizers, anesthetics, heart drugs and diabetes treatments, experts say.

It is also believed they are released from protein-binding when fish and meat are cooked. The Greenblatt-Mirvish findings are the first confirmation and an extension of German re-

## Warming Trend Scheduled Another Day

By THE ASSOCIATED PRESS

A warming trend is expected in Arkansas through Tuesday, but a cold front is expected to move into the state from the west Tuesday night.

Temperatures are expected to rise as a high pressure system drifts eastward and southerly winds return to the state. Gulf moisture will also return to Arkansas, possibly producing some showers in the northwest section late tonight.

Showers are predicted mainly in the east half of the state Wednesday as the cold front moves through the area. Skies are expected to clear Thursday.

Temperatures Sunday ranged from 45 at Harrison to 56 at Texarkana. Highs today were expected in the upper 40s and 50s with highs Tuesday climbing into the 60s.

Overnight lows include 20 at Fayetteville, 27 at Harrison, 27 at Jonesboro, 25 at Pine Bluff, 29 at Texarkana, 25 at El Dorado, 25 at Memphis, 26 at Little Rock and 23 at Fort Smith.

Lows tonight are forecast in the upper 20s and low 30s east portion to upper 30s and low 40s west.

## Withdrawal Timetable Runs Ahead

By GEORGE ESPER  
Associated Press Writer

SAIGON (AP) — The U.S. command announced today that American troop strength in Vietnam has dropped below 344,000, beating President Nixon's withdrawal timetable by three weeks.

Nixon already has announced that U.S. forces in Vietnam will be reduced another 60,000 troops by next May 1, and informed sources said 7,000 of these will be cut by the end of the year, dropping American strength to about 337,000 men.

The U.S. Command said American troop strength in Vietnam was 342,700 men last Thursday, 6,000 less than the previous week and the lowest level in more than four years. The command said the total included 258,300 Army, 43,300 Air Force, 25,000 Marines, 17,000 Navy and 100 Coast Guard.

Nixon has now pared American strength in Vietnam by 37 per cent from a peak of 543,000 in April 1969 to its present level. Authoritative sources said present plans call for all U.S. combat troops to be out of Vietnam by the summer of 1972. But one source said a "very substantial number" of Americans would remain to give the South Vietnamese advisory, logistics and air support.

As a result of the withdrawal program, the big U.S. base camp at Cu Chi, 20 miles northwest of Saigon, was turned over to the South Vietnamese 25th Infantry Division during the weekend. It replaces the U.S. 25th Infantry Division, all but one brigade of which has been returned to Hawaii.

Highly placed sources also reported that the North Vietnamese and Viet Cong are scaling down their forces in South Vietnam, having deactivated four regiments and 15 battalions since last July.

"Most were deactivated because of tremendous personnel losses," said one informant.

## West Memphis Fire Loss Is \$200,000

WEST MEMPHIS, Ark. (AP) — A fire Sunday caused more than \$200,000 damage to a restaurant and adjoining store in downtown West Memphis.

Officials said 16 persons in apartments and rooms above the restaurant and store were evacuated, but none was hurt.

Mrs. Lorita Hoffman of Memphis, owner of the buildings, estimated property damage in excess of \$100,000. Chandler Watkins, owner of the restaurant, estimated his loss in excess of \$90,000 and Bill Rhea of Conway said his stock loss in a discount shoe store was \$10,000-\$12,000.

Firemen, who battled the blaze for about five hours, said they believed the fire started in a heating unit in the restaurant.

## Mitchell Rips White House Conference

TEXARKANA, Tex. (AP) — Dr. Mitchell Young, national chairman of Unified Concerned Citizens of America, lashed out Saturday against the White House Conference on Children, which convened in Washington Sunday.

Young urged people to write letters to their congressmen and President Nixon protesting what he termed "un-American" reports filed prior to the opening of the conference.

"These latest proposals by the leaders of the new left are completely un-American and are unacceptable to the majority of the people in America," he said.

Young, who is also the national president of Freedom Inc., said the conference would try to make children "wards of the state."

## Nixon Calls Welfare System Outrage, Calls for Family Assistance

WASHINGTON (AP) — branding the welfare system "a consuming, monstrous, inhuman outrage," President Nixon has called for passage of his Family Assistance Plan before Congress adjourns.

"For the Senate to adjourn without enacting this measure would be a tragedy of missed opportunity," Nixon said Sunday night as he opened the once-a-decade White House Conference on Children.

The legislation, which would set an income floor for a family of four at \$1,600 a year, has been passed by the House but is mired in the Senate.

"In terms of its consequences for children," the President said, "I think it can fairly be said to be the most important piece of social legislation in our nation's history."

In his speech, Nixon also said the federal government cannot solve all the problems hampering the welfare of the nation's 55 million children.

## Court Rips Fee System to Officials

LITTLE ROCK (AP) — The Arkansas Supreme Court harshly condemned and nullified as illegal today the practice in the 5th Judicial District of distributing officials fees paid by defendants who received suspended sentences or dismissals in their cases.

The unanimous Supreme Court opinion came in a taxpayers suit filed by Parker Parker of Dardanelle against Ike Allen Laws Jr. of Russellville, a deputy prosecuting attorney. The suit alleged that Laws should be required to account for about \$7,000 in allegedly illegal fees during the period from 1963-1969.

Associate Justice George Rose Smith said in the court's opinion, however, that Laws could not be asked to account for the fees received by him more than three years prior to the filing of the suit.

The suit had been filed in Chancery Court, but Judge Henry W. Smith, sitting as a special chancellor in the case, dismissed the action on grounds that the chancery court lacked jurisdiction because it had no authority to review the actions of a circuit judge.

The practice of assessing fees that were distributed to prosecution officials apparently was initiated in 1963 by Circuit Judge Wiley Bean, the Supreme Court said.

However, Judge Russell C. Roberts of Russellville succeeded Bean and not only continued the practice but increased the payment first to \$100 and later to \$120.

## No UN Troops in Israel, Dayan Vows

By THE ASSOCIATED PRESS

King Hussein of Jordan prescribes a U.S.-Soviet peace-keeping force to allay Israeli suspicion of negotiated Arab peace commitments. But Israel's Defense Minister Moshe Dayan says United Nations troops never will be allowed in his country.

Dayan was not asked specifically about an enforcement team from the two superpowers, but he said Israel has had "very bad and bitter experience" with foreign peace forces in the past.

Both men appeared Sunday on taped television interviews made during visits to the United States last week. Both conferred with President Nixon.

Appearing on ABC's "Issues and Answers," Hussein said a peacekeeping role for the superpowers might "simplify matters because unfortunately the Israelis have suspicions and continue to seek secure and recognized boundaries."

A two-power peacekeeping police force was suggested last summer by the Nixon administration, but Washington dropped the idea when it met opposition, from both Arab and Israeli diplomats.

Dayan was interviewed on NBC's "Meet the Press" and said Israel's experience has been that its own armed forces are the best guarantor of Israel's peace. He also repeated that Israel would not withdraw its boundaries before the June 1967 war.

Dayan said Israel will return to indirect peace talks with the Arabs at the United Nations after the United States promises to block any U.N. attempt to impose a Middle East settlement.

Hussein said recent clashes between his army and the Palestinian guerrillas are unimportant, and "we have re-established law and order" since the civil war in September.

Guerrilla leader Yasser Arafat and Hussein's brother, Crown Prince Hassan, again agreed to cease hostilities during a five-hour meeting of the Arab conciliation commission in Amman Sunday. Such agreements have been made repeatedly since the 11-day war and broken repeatedly.

But last week Hussein's army moved into the guerrillas' last stronghold, at Jarash, and flushed them out.

## Six Persons Killed on Highways

By THE ASSOCIATED PRESS

An Associated Press count showed that six persons were killed in weekend traffic accidents in Arkansas. All of the deaths occurred Friday night and Saturday.

The latest victim, George Andrews, 78, of Helena died late Saturday in a Memphis hospital of injuries he received earlier in the day when struck by a car on a city street at Helena.

### French Team Has Grip on World Cup

SESTRIERE, Italy (AP)—The French Alpine ski team has taken a firm grip on the 1971 World Cup from the very start by dominating both men's and women's downhill events as the new season opened over the weekend.

Francoise Macchi on Saturday and Henri Duvillard on Sunday were the individual stars of the two races. But it was the French team as a whole that impressed with class, cohesion and determination.

French girls dominated the 1970 World Cup in both individual and team standings. The men won the team competition but Karl Schranz of Austria took the individual trophy.

Duvillard and Bernard Orcel, however, edged Schranz into third place in the Men's downhill at Sestriere. For the French Aces, it was a double revenge over the Austrians and Swiss.

Duvillard and Orcel had an off-season last year. They won nothing of major importance, performed poorly at the Val Gardena world championships and were never in the race for the World Cup.

Standing par to the 1-2 placing of the men were the girls with five French skiers in the top ten Saturday in the Melezet downhill at nearby Bardonecchia.

### New Round Colt to Be Reckoned With

**By TED MEIER**

Associated Press Sports Writer  
New Round has given ample notice that he could be a colt to be reckoned with in the 1971 Kentucky Derby next May.

The Kentucky-bred son of Round Table out of New Class, owned by Michael G. Phipps, demonstrated his credentials with an impressive four-length victory in the \$67,512 Heritage Stakes at Liberty Bell Park last Saturday.

As in the rich Garden State Stakes, New Round came from far back and this time drew out in the stretch to beat Northern Jove. He paid \$5.40 as the 3-2 favorite and upped his 2-year-old earnings to \$97,076 with his third victory in 12 starts.

New Round, admittedly being pointed by trainer Del Carroll for next year's 3-year-old classics, made up 15 lengths in the Garden State, but his late charge fell short by two lengths to the winner, Run The Gantlet.

It was different in the Heritage. Ridden by Garth Patterson the colt ran the 11-16 miles in 1:46.2-5 over a sloppy track.

Crimson Clem, a \$33.80 outsider, scored by five lengths over Unconscious in the \$59,600 Bay Meadows Juvenile Stakes.

In other headlines last week-end Silver Button, \$6.60, won the First Lady Handicap at Laurel, Landing More, \$15.80, took the James Bright Memorial at Tropical Park while, at the Fair Grounds in New Orleans, Emperors Desire, \$5.40, and Sweet Noise, \$9 won the split divisions of the Pontalba Stakes.

rise above obscurity by a person, place or thing," said Jack Lowe, the guest speaker at the Hope Rotary Club luncheon meeting on Friday, December 11 at the Town and Country. This explained his topic, "Another Cinderella," when he told the story of one of the most versatile of building materials, concrete.

"Though the Greeks of ancient times were magnificent builders," he said, "it was the Romans who discovered the secret of cement, the powder which is mixed with gravel and water to make concrete." The speaker passed around samples of cement and concrete to illustrate his message. He said that in the Cinderella story of cement, the step-mother does not have a heart of stone. Hers is made of concrete.

Thell Joplin arranged to have the program speaker and introduced him. The presiding officer was C.R. "Dick" Moore.

### New Rabies Vaccine Is Successful

**By FRANK CAREY**  
AP Science Writer

WASHINGTON (AP) — A Philadelphia scientist reported today a new rabies vaccine has shown dramatic success in laboratory animals, perhaps opening the door for protection of humans before and after exposure to the deadly virus.

"The way is now open to clinical (human) trials with these preparations," said Dr. T. J. Wiktor of the Wistar Institute. "A rabies vaccine should soon be available that can be used in man both (preventively) and after exposure to rabies."

One injection of the new vaccine several hours after infection in animals, including monkeys, prevented death, he said. Humans bitten or scratched by rabid animals now have to undergo painful treatment of up to 14 daily injections directly into the stomach.

The new vaccine, produced from rabies viruses multiplying in animal tissues inside test tubes, is much purer and speeds production of antibodies which fight the infection, he said.

Present vaccines are made from the tissue of animal brains or bird embryos infected with viruses.

In a separate report by two Swiss scientists to an international conference on vaccines, Drs. M. Abdussalam and K. Bogel of Geneva said present rabies vaccines are outdated.

"Although the vaccination of persons exposed to rabies was one of the earliest immunization attempts and has been widely practiced for decades, the procedure remains archaic and dangerous," they said.

At the same conference, sponsored by the Pan American Health Organization, a former U.S. Army medical researcher forecast development of vaccines against several more viruses during the 1970s.

"The next decade should see the development of vaccines against individual acute viral diseases of the respiratory tract, chickenpox and perhaps hepatitis—with possible beginnings toward the control of cancer and certain chronic degenerative diseases ...," said Dr. Maurice R. Hilleman, who first alerted the United States to the imminence of an Asian flu outbreak more than 10 years ago.

### Bertelsen Underrated, Says Coach

DALLAS (AP) — Ask Texas coach Darrell Royal his opinion on the country's most underrated college football player and watch how quick he answers.

"The most underrated player is Jim Bertelsen," Royal said. Note Royal said player — period.

"Not only is he a tremendous offensive player but he could play that defense, and play it well," said headmaster Royal, who sends his charges—unbeaten in 30 games—against Notre Dame in the Cotton Bowl New Year's Day.

Bertelsen has missed a number of All Southwest Conference teams including The Associated Press' coaches version.

"Bertelsen can do it all," said Royal. "And it's really a shame he doesn't get more credit."

Royal said, "He would make

a good safety or halfback on defense. He can range and catch. If a guy will block, you know he will tackle. And he's a good blocker. He was outstanding on defense in high school (Hudson, Wis.). He's the best football player around and he's not getting many honors. I believe he's an All-American."

Asked if Bertelsen could pass — a subject that usually makes Royal blanch—Royal smiled and said, "He could throw it."

But Royal left you with the impression that he won't resort to such drastic means against the Fighting Irish.

So that's Royal's latest soap box oratory for the little man. Last week it was Eddie Phillips, the heady Texas quarterback, who's a master of the third down but doesn't make any All-Star teams because he doesn't have the passing statistics.

"They ought to give something for artistry," Royal said at the time. "Phillips knows our offense better than any quarterback we've had."

Royal, who was an effective

### Larry Bown Joins Great Pro Gainers

WASHINGTON (AP) — Larry Bown has joined pro football's great ground-gainers by cracking the 1,000-yard season mark while running on just one good leg.

Brown burst past the magic figure with a 12-yard dash around left end on his first carry of the game Sunday in Washington's 24-6 victory over Philadelphia.

The Redskin runner, in only his second year of pro ball, joined Cleveland's Leroy Kelly and Chicago's Gale Sayers as the only active players in the National Conference ever to reach the 1,000-yard pinnacle.

Brown, who overcame hard-

And he doesn't mind helping his players along when he believes they deserve it.

hearing and a lackluster college career to become a premier pro back, went into the game only four yards short of the mark, but he said he wasn't even thinking about that on his first carry.

"I wanted to see if I could cut on my left leg. I couldn't. I was dragging it all day," Brown said.

The young back, who missed last week's Dallas loss with a pulled muscle in his leg, said, "I could have broken a couple more tackles, I didn't dance or spin like I usually do. I wasn't quick."

But Brown still wound up the day with 85 yards and one touchdown for a total of 1,081 yards gained this year, keeping his lead as the National Football League's top rusher.

The late Vince Lombardi saw Brown's potential. Lombardi had a special hearing aid built into Brown's helmet so he could overcome his handicap of not hearing the quarterback's signals, then added an experienced blocking back, Charlie Harra-way, to help break Brown loose.

### Meyer Award Goes to Bill Montgomery

LITTLE ROCK (AP) — Bill Montgomery, University of Arkansas quarterback, has been named the November recipient of the Charles T. Meyer Foundation Award for Excellence in Athletics by a panel of sports-writers.

Calvin Harrell, Arkansas State University tailback, placed second in the balloting with Jimmy Doolittle, Little Rock Catholic High School quarterback, third.

### Montgomery Also Takes Hall Award

FAYETTEVILLE, Ark. (AP) — The Crip Hall Award, given to the outstanding senior player in the University of Arkansas homecoming football game,

Monday, December 14, 1970

has been awarded to quarterback Bill Montgomery.

During this year's homecoming game with Southern Methodist University, Montgomery completed 19 of 31 attempts for 294 yards.

He was selected by sportscasters and sportswriters covering the game.

# Santa is an electric fan.

He knows everyone likes electric gifts, too.  
So don't be like Rudolph, the red-faced deer.  
He forgot to give electric gifts last Christmas.  
And is he ever up to his nose in trouble at home.

Because a Christmas without electric gifts  
is like a tree with no lights.  
It just doesn't make it.  
So give better electrically.  
Because you always get a hug if the gift has a plug.  
Show this handy-dandy, gift-hinter list  
to someone dear and you'll light up Christmas morning.  
Santa knows best.
